

The 2014 Congressional

STEM Competition

You're Invited to a Hackathon!

(Don't worry, it won't get you in trouble with the law.)

Are you a high school student interested in entering the first-ever Congressional STEM Academic Competition, the House App Contest? Fermilab computer scientists will be hosting an app development day (or "Hackathon") to assist students with their computer programming.

March 29, 2014 | 1:00-5:00pm

Fermilab's Wilson Hall Atrium

RSVP: http://www.fnal.gov/pub/forms/fermilab_app_day.html

Please bring your own programming device: laptop or tablet.

- Details on the House App Contest are available at hultgren.house.gov/stem-competition.
- For any additional questions, please contact Amber Johnson in Rep. Hultgren's Washington, D.C. office at 202-225-2976.
